IMPORTANT NEWS !- See our telegraphic head for important news from California, &c.

THE RECENT "FAIR BUSINESS TRANSACTION." The Intelligencer of this morning says:

"We understand that the Grand Jury of the county of Washington yesterday made present-ments against Geo. A. Gardiner and John C. Gardiner, for perjury; and against Mears for presenting false papers."

The Republic has the following :

"THE GARDINER CASE-AN ARREST. - The Grand Jury yesterday found true bills against George A. Gardiner and John C. Gardiner for perjury, in connexion with a claim against Mexico, allowed by the late Board of Commissioners, and last evening John C. Gardiner was arrested by the Marshal's officers, A. E. L. Keese and J. M. Wright, and committed to jail."

In jail! What, was there no friend to step forward at this hour? Where were all the friends whose aid was so generously given in the prosecution of the claim? Alas! alas!

Later .- One o'clock .- Mr. Gardiner is still in jail, but we are assured that he will this afternoon be bailed out. The amount of the bond has not yet been named by Judge Crawford, and is variously conjectured at from eight to sixty thousand dollars. The former is the probable

A presentment is not conviction, and Mr. J. Carlos Gardiner may be without blame. It is at least charitable to withhold judgment respecting him. The whole transaction, indeed, may be all right. But just let us suppose it to be all wrong, and that Congress, and not the present administration, should ferret out the fraud, who would then suffer? Think of this, ye men of sensibility, and thank those who have made this exposure!

Mr. Fillmore, we are assured, will omit nothing that can bring the truth to light. His administration, and the late Board of Commissioners on Mexican Claims, are both interested in having a full investigation into the matter, and we have reason to believe that every thing will be done that can possibly tend to the conviction of defrauders and imposters, if such there be.

No MORE SPEECHES .- Mr. Stuart is going to take Mr. Fillmore home with him to the Old Dominion, whither the former gentleman has to go to attend court. (Has not each of his eight hundred "dependants" an equal right to slip home now and then to attend court?) We doubt not Mr. Stuart, who is one of the best fellows in the world, will take good care of his Excellency, who will now for the first time learn the luxury of Virginia hams and johnnycake. But we hope Mr. Fillmore will also take good care of Mr. Stuart, and keep him from making any more speeches. Ever since he made that last at Richmond we have been trying to get him out of the fog in which it enveloped him, and hard work we have had of it. For his own sake, for ours, but especially for the sake of the Whig party, we hope he may be held in on the present occasion. It is true, the buttermilk of the mountains does not excite in that way; but, although Richmond wine does, doubt that Mr. S. was thus affected, for it is not his custom to imbibe much of that article.

We give the admonition gratuitously, and feel sure all persons concerned will commend us for our wise forethought

USEFUL AGENCIES .- A friend now in London writes to us that Edwards, Sandford & Co.'s at Nos. 17 and 18 Cornhill, London, and which firm is connected with that of Adams & Co., in this country, has uniformly rendered important services to Americans visiting London. will do your American friends service," he remarks, "by commending them to this house. It is here only they can see many of the American papers; here they can register their names, write their letters, receive information and civility, and, in short, realize many advantages, the full value of which they can only learn to estimate in absence from their own home." The offices named by our correspondent should cute their labors as to cause their names t be visited by every person who desires to cross the great water, or to transmit goods of any

IMPORTANT! - CONTEMPLATED ABSENCE OF THE EDITOR OF THE AMERICAN TELEGRAPH .-The oppressively warm weather with which we are afflicted, the arduous duties that have of late devolved upon us, and the condition of our health-and appetite, admonish us of the necessity of retiring to the "rural districts" for repose and recuperation. We therefore take the present occasion to announce, that if we can succeed in having our traps packed up in time after our Saturday's issue, we shall depart on an excursion beyond the Eastern Branch. Our paper on Monday may therefore not appear until half-past three o'clock, instead of three, the regularly appointed hour. Should any thing momentous occur in the social or political world in our absence, our friend Mr. Fillmore, in return for the many valuable services we rendered in his absence, will see that our readers shall be kept duly informed. Should any one doubt the propriety of that gentlem an's assuming the editorial charge of our paper, ad currency from abroad, the sooner it be done interim, we beg leave to inform him that it is not without precedent, and is as strictly in accordance with sound usage as for him to leave the executive affairs of the nation in our hands for days and weeks at a time.

CRIMINAL COURT.—The cases of a couple of poor wretches of bad character were this morning disposed of, when Peter G. Carrico was called up to answer for assaulting police officer Keese, tearing up the precept of the court, resisting said officer, &c. His case is still pending. Morgan for the defence.

HIGH OFFICES TO LET.—The Union of this sorning informs us that the Attorney General, and for the sake of economy we respectfully good advantage as we are assured the Winder, Corcoran, Steiger, and other edifices are, the and Russia, to the neglect of those of the United States. The Commissioner of Patents has been absent for a month; and how many other heads of bureaus are following his example we

succeeded Captain F. Black (who has retired) in the management of this long-established and justly celebrated public house. Mr. Dexter was formerly next in position to Capt. Black, and therefore is well known, for his ready business habits and easy, unaffected courtesy of manners, to that large portion of the public which makes the "National" its stopping-place in Washington.

Charles B. Calvert, esq., the principal pro prietor of the establishment, with a liberality and public spirit characteristic of his nature, has been for a year past and is now so enlarging and improving the great house, that its old visiters, who have not been in Washington for a couple of years, would recognise nothing but

The patronage bestowed upon the "National" during the last two sessions of Congress, and the applications for quarters that could not be complied with, because the house was full, give ample warrant for the large additions to the establishment which Mr. Calvert's genius and means have brought about. When completed the house will be equal to the accommodation of five hundred guests and no crowding.

One thing in the management of the "Na tional" we particularly desire to commend. Its bar is closed on Sundays. Hereafter we shall speak of our other fine

THE BOY MURDERER.-The negro boy Long was yesterday sentenced to death at Baltimore by Judge Nisbet, when Mr. May remarked to the court that it was with much pleasure he felt at liberty to state that the recommendation of the jury to commute the sentence of the prisoner to imprisonment for life would be granted

A DANGEROUS BUILDING .- An inquirer asks us something about a corner house (or row) now going up, which has a front of one hundred and fifty feet, depth fifty, altitude not given, and walls only one brick in thickness, say eight inches. Where is it, and how high is it to go? Let us have no breeze-shaker concerns here.

CLERGYMEN IN OFFICE.—We feel it to be our duty to express our dissent to the idea suggested by "Commentator," that clergymen should be excluded from office any more than lawyers, doctors or merchants. They are men, neither more nor less, and should be subject to the same laws and entitled to the same immunities as other men.

DISTRICT AND ALEXANDRIA FERRY-BOAT COM-PANY .-- We invite attention to the notice of the meeting of this company, held yesterday. We learn that the boats designed to be used will be constructed with special reference to their use, and will have many advantages over the generality of boats of this description.

The WILLIAM SELDEN, now on the stocks at Captain Page's yard, will probably be launched on Saturday of next week.

GOOD APPOINTMENTS .- We who censure the Administration for whatever we find to be wrong in its course of action, are just as ready to stock arrangement especially for the purpose, praise it for its good acts whenever they turn up. We are happy to say that, in our opinion, Transatlantic Express, the offices of which are Mr. President Fillmore could not have made two better appointments than those of Mr. Walter as Architect, and Mr. Strong as Superintendent, of the enlargement of the Capitol. As "You far as our information extends, the appointment of these eminently experienced men-each experienced in his sphere-who are known to be energetic and wise, prudent and trustworthy, gives to this community very general satisfaction. Our good citizens are ready to welcome M.essrs. Walter and Strong amongst us, and to wish them eminent success in the great national work they have in hand. May they so prose live coeval with the Capitol itself.

In making these remarks, we regard it as but just to add that among the competitors for the places occupied by these gentlemen were s number of the highest merit and respectability, who, conscious that all could not be gratified, concur with lively pleasure in the sentiments we h ere express.

SMALL NOTES .- The Grand Jury, yesterday, presented a number of persons in this county for making and uttering notes of a less denom ination than five dollars. We have not learned the names of all the persons thus presented, but suppose they include the house of Selden. Withers & Co., J. F. Callan, Thomas M. Hanson, perhaps the Mayor of Georgetown, and Mr. Dodge, if any of his are yet in circulation. The President of the Bank of Washington, Mr. Gunton, to whom the subject of finance is of course familiar, is the foreman of this jury.

Our opposition to a small-note currency has often been expressed; and if measures can be adopted to put an end to it, and at the same time to prevent the introduction of this kind of the better. We shall look with concern to the action of the court with reference to these presentmen ts.

POLICE.-Amos P. Umstead, who says he is from Pennsylvania, that he is Marshal of the United States-a poor old fellow, apparently half cracked-was this morning committed to the work-house by Justice Smith, before whom he had been taken by officer Handy. He has been there before.

In Philadelphia, two hundred and sixty-four

FOR LIBERIA.-The Baltimore American of this morning says, that the Colonization Soecretary of the Treasury, Secretary of the ciety's barque Liberia Packet is expected to Navy, Postmaster General, and Secretary of the State, are all absent from the seat of Government. The Intelligencer announces the early departure of the President and Secretary of the Interior for some watering-place in Virginia; date. A large party of emigrants were exsuggest the propriety of sub-letting the high pected to arrive in the steamer from Norfolk offices thus vacated. If they can be let to as this morning, who have engaged passage in the Liberia Packet. Among those who go out in her are Thomas Fuller and Benjamin Jenifer, whole Cabinet might make a pleasure-trip to two colored ministers of the Gospel, from Dor-Europe, and study the census affairs of Austria chester county, Maryland. Their object in visiting Africa is to make an exploration of the country, and to secure the necessary arrangements for the reception of their families and friends, for whom they intend returning in the fall. The Cambridge Democrat says, that should their report prove favorable, enough free blacks "NATIONAL HOTEL."-A. Dexter, esq., has will emigrate from that neighborhood to found a colony.

SALES OF CITY PROPERTY.-Mr. J. C. Green for A. Green, auctioneer) yesterday afternoon sold the following property, to wit:

The east half of lot No. 5, situated in square No. 374, fronting on H street 25 feet 3 inches, running back 132 feet 10 inches, was sold to J. A. M. Duncanson, for 211 cents a square foot; also the west half with the improvements, which consisted of a two-story frame house, fronting on H street the same, and running the same depth, and was sold for 304 cents, to Henry T. Smith. This property is a part of the Brannon estate, and is situated on H street, opposite the Protestant Orphan Asylum.

The bidding was free and spirited.

WASHINGTON COUNTY JAIL .- The Grand Jury yesterday made their report on this establishment, by Wm. Gunton, foreman, which they have recently visited and examined. They say that "they take great pleasure in stating that they found the several apartments clean, and the prisoners as comfortable as persons in their situation could reasonably expect to be. Their supplies of bread and other provisions are ample and of excellent quality; and they all appeared to be well cared for. The marshal, Richard Wallach, esq., has caused bath-houses to be erected for the prisoners, and requires the frequent use thereof by all of them.

"The jail is viewed as badly constructed for ventilation and for the safety of the prisoners : and they believe a representation should be made to Congress at the next session, as to the unsuitableness of the present building, in order either to a material modification and improvement thereof, or the erection of a proper one instead of it." They state also that "their sensibilities were much affected by the condition of one of the inmates of the jail, a deaf and dumb idiotic colored boy, apparently about sixteen years of age, who was left by some unfeeling wretch in one of the streets of this city nearly two years since, when he was conveyed to jail, until some tidings could be obtained as to where he came from, but which has not yet been ascertained. For the last six months he has been gradually wasting away; and although at the marshal's own expense every care has been taken of him, he cannot, it is believed, much longer survive, as he is unable to retain any solid food, and has for months been wholly sustained by liquid stimulants."

The court suggested that they should present the boy as a pauper lunatic; in which case the court would direct care to be taken of him.

PUBLIC SCHOOL EXAMINATIONS .- There were

examined, yesterday-Primary, No. 1, Second District, Miss Helen Stanford, teacher. The school-house is located

on F street, between Fifth and Sixth streets. Male Primary, same district, W. W. Demaine, teacher. The school is held in the basement

of the Eighth-street church. Male Primary, Third District, W. M. Mc-Cathran, teacher. The school-house is at the Navy Yard, and was built by public-spirited gentlemen in that part of the city, by a jointand for the use of which they charge a small annual rent to the city corporation.

These schools compare favorably with those heretofore examined, and much interest in the exercises was exhibited by all who were present .- Republic.

SOMETHING REMARKABLE. - It certainly is something remarkable, and it has been in social circles often remarked, that, at the laying of the corner-stone of the Capitol, on the Fourth of July, the great birth-day of the American nation, all the men employed in placing the stone, covering it up, and managing the derrick and guys used on the occasion, were, with the single exception of Mr. Walter, the architect, foreigners. Was this an oversight or an undersight? We do not remark upon it invidiously, but as an inopportune coincidence.

From the bright colors worn by the ladies this season, one would think that men, like turkey-cocks, only fly at scarlet. We met a femme" yesterday so wrapped in the flame of a vermillion satin skirt, that we thought she was a conflagration, and commenced hollering

Justice to Mr. Stuart. I am not all unmerciful, Messrs. Editors, in my strictures upon the official conduct of Mr. Secretary Stuart. If he does a good act I am sure that I will commend him for it. He has appointed several good Methodist ministers to office, from Maryland and Virginia, and I would commend him for it, only I fear the Methodist church-going people are getting to believe there are too many of their worthy preachers bought up and placed in office. It is understood that there are near forty of them now in office in the Executive Departments. What an amount of good these pious divines could accomplish if they were out of office, and in traveling circuits, exhorting sinners to repentance. But Mr. Stuart, good man, seems to think that they can do more good, at higher compensation, among the sinners in the Executive Departments! And then, if he were to be nominated and run for the office of Vice President, how much aid might not these pious divines, whom he has taken from their circuits and made office-holders, at good salaries, bring to the support of the ticket honored with his name.

But I digress. My object is to render credit to Mr. Stuart for doing justice to some extent, though slow of foot and tardy, to Mr. John B. Mark, of Philadelphia, a most worthy and upright man, and a noble Whig. I must be pa doned by Mr. Mark for stating to the public his peculiar case. My name is with you, Messrs. Editors, and I hold myself ready to fully sub-stantiate all I shall state in this matter. Mr. Mark was appointed in the autumn of 1849 to a temporary clerkship in the General Land Office. I have no hesitation in saying that he was the best clerk in that office engaged in the same branch of work that he executed. He was energetic, prompt, quiet, faithful, and correct.

No word of complaint from any quarter was raised against him. This every body in the General Land Office well knows. After he had served in the office for some months as a temporary clerk, a vacancy occurred in a twelve nundred-dollar permanent clerkship. By Mr. Commissioner Butterfield's direction the salary f the said clerkship was for a time paid to Mr. Mark. But after a service of about eleven months Mr. Mark, who had a growing wen upon his breast, desired leave of absence for a month to go to Philadelphia to be operated upon. His nephew, Lisle Smith, esq., of Illinois, a gentle-man to whom, more than to any other, Mr. Butterfield was indebted for the force which pressed him for the office he now holds, was here at the time, and he applied to the Commis-sioner to grant his uncle Mark the leave of ab-

sence asked for.

Mr. Butterfield promised his friend Smith that Mr. Mark should have the leave of absence he desired, and told him (Mr. Smith) to come to the office the next morning and get the ne-cessary papers to that end. The next morning Mr. Smith called at the office of Mr. Butterfield for the promised papers, when lo! he found that Mr. Butterfield had left for Illinois that morning at six o'clock, and that he had left a positive order with his chief clerk for Mr. Mark to be dismissed from office!

Mr. Mark went to Philadelphia and had the wen cut out of his breast. In about a month, having recovered his health, he came on to this city and made suitable representations of his case, and the cruelty practised upon him by Mr. Butterfield, to the President and Secretary of the Interior. Distinguished members of Congress and others did all they could to get the worthy man restored; but Butterfield, who was promoting Democrats and turning out Whigs, was against him from some unknown cause, and no restoration, for the space of six months, has had the courage, not to put Mr. Mark back in the General Land Office in spite of Mr. Butterfield, but to give him a place in the Census office. For even this tardy act of partial justice, the many friends of that honest man, faithful public officer, and good and true Whig, John B. Mark, will cheerfully give Mr. Secretary Stuart credit, with the hope that he may keep on doing well. COMMENTATOR.

THE WORLD CANNOT PRODUCE STRONGER EVIDENCE THAN THIS, kindly handed to us by J. STOCKBRIDGE, 88q. of the Fountain Hotel, Light street, a gentleman extensively and favorably known. The writer of the letter, Captain Canot, is the brother of the celebrated Physician to Louis Napoleon, President of the French Republic. Numbers of our most respectable citizens will give equally strong testimony in favor of HAMPTON'S VEGETABLE TINCTURE. It is a certain cure for Dyapepsia, Scrofula, Liver Complaint, &c., and all diseases from impure blood.

Mr. Stockbridge of the Fountain Hotel, Light street, Baltimore. THE WORLD CANNOT PRODUCE STRONGER

BATTMORE, June 4, 1851.

Mr. Stockbridge of the Fountain Hotel, Light street, Baltimore.

Dear Sir: Being on the point of leaving the city, I avail myself of a few idle moments to thank you kindly for the medicine you sent me, and which has restored me to the use of my limbs. I beg you to send me four bottles more, to carry on my voyage. Since I had the fortune to use Dr. Hampton's Vegetable Tincture my confidence is so strong that, in gratitude to the proprietors of said medicine, I beg you to present my respects to them, and induce them to make it more publicly known as a sure Rheumatic cure. Having called on me on the 19th of April last, and seen me prostrated on my bed, useless in all my limbs, you can appreciate nearly as well as myself the prompt relief I received from Dr. Hampton's Tincture, and I am positive had it not been for your strong and forcible recommendations I should still have been in bed.

It is really a pity this specific should not be approved by medical men, and like all patent drugs it should suffer the imputation the public generally give to such preparations. I myself, who was always opposed to a patented specific, took this medicine with reluctance, and without confidence in it, and it was only through your disinterest ed, friendly recommendations, and my critical situation, that induced me to try this really beneficial Vegetable Tincture.

You may inform Messys, Mortimer & Mowbray that

Tincture.
You may inform Messys, Mortimer & Mowbray that they are at liberty to make use of my name in the support of the good effects of Dr. Hampton's Vegetable Tinches thas cured me, in five weeks, of a chronic inflammatory Rheumatism, contracted under tropical climates, and of seven years' periodical duration. I have only used three bottles, and find that even the deformed parts of my hands are fast returning to their former natural appearance.

of my hands are fast returning to their former hands appearance.

I have been under the treatment of soveral physicians in London and Paris, without any apparent benefit; also, while in New York, having tried the Thompsonian and Homepathic remedies, after having been tormented with galvanic batteries, cold and aromatic baths, and hundreds of internal and external medicines, all to no effect. I am, so far, cured by this Hampton's Vegetable Tincture only. Therefore, my dear sir, accept of the assurance of my gratitude, and believe me your well-wisher.

WONDERFUL CURE OF HEREDITARY SCROFULA!
This certificate is from the pen of a gentleman whose
same appears on the journal of Congress—one who is extensively and favorably known:
It affords me pleasure to state that Dr. Jesse Hampton's Tincture has effected a most extraordinary cure of
my slave boy Albert. The patient was three years old,
and had the Scrofula—(his father is scrofulous.) The boy
was a moving mass of sores from head to foot; the upper
lids of the eyes were much swollen, and turned inside out,
exhibiting horrible mattering ulcers, that protruded over
the eye-ball so as to produce blindness. It is strange, yet
true, this child—that I felt resigned to see die as a relief
from suffering—has been restored to health under the
treatment of Dr. Hampton.
